Hi Doug, same to you. Sorry we did not get a chance to connect before the holiday break but I look forward to catching up soon. On the CBI issue, I will chase this down and report back before the end of the week. Will that work?

Brooks,

I hope that your new year is off to a good start.

We received a FOIA request that covers Red River's response to EPA's 308 Information Request. It appears that Red River made some general CBI claims in the cover letter, but did not specifically identify which, if any responses and responsive documents it considers CBI. Will you please let us know which, if any responses and documents Red River considers CBI.

Absent a withdrawal of the CBI claim, please provide a CBI marked versions of the response and documents. Finally, please identify the basis for any CBI claim made.

I would appreciate an approximate timeframe for your response.

Please feel free to give me a call to discuss.

Thank you,

Doug
